Fuente Lucena

Fuente Lucena Business Center started its activity in 2007 under the leadership of José Manuel Rivas Quinzaños, its founder. With the idea of covering the increasing trend of market of working from home or in a no fixed place, as well as offering flexible work environments to the high amount of companies that needed to outsource their office space, Fuente Lucena places its first office business center in Torremolinos, one of the municipalities with the greatest business in the province. Due to the efficiency of its infrastructure, and attending the growing demand for independent and major companies in this model more comfortable and cost management, Fuente Lucena expands its services by opening another facility in Malaga, Plaza de la Merced, one of the most emblematic places of the city. Here also, Fuente Lucena keeps as its main value savings and flexibility of its services so the companies earn in profits.

Nowadays, Fuente Lucena Business Center is the most viable solution for enterprising people. and established companies due to the significant economic benefits that entails developing the business in a comfortable and efficient environment. From its beginning until today, Fuente Lucena has been become a hotel office with qualified staff and all the necessary services for the proper functioning of the business activity.
